AC State and National
CNCS
aborgstrom@cns.gov

Jewel Bazilio-Bellegarde
Sr. Training and Disability
Inclusion Officer, OLDT
CNCS
jbazilio@cns.gov

Ch-ch-ch-changes

Rapid change result?

Desired outcomes

- Review what is in the Act
- Discuss implications
- Identify next steps

Plan for Adults 55 or Older

- Section 1606 (g) of the SAA.
- (1) IN GENERAL- Notwithstanding any other provision of this section, to be eligible to receive a grant or allotment under subtitle B or C or to receive a distribution of approved national service positions under subtitle C, a State shall work with appropriate State agencies and private entities to develop a comprehensive State service plan for service by adults age 55 or older...
- (4) PUBLICATION- The State service plan shall be made available to the public and be transmitted to the Chief Executive Officer.

How to submit

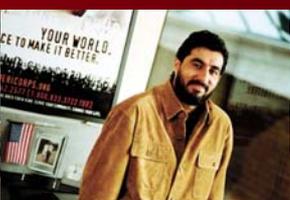

- In a separate section, describe your Plan for Service by Adults Age 55 or Older, including the elements listed below.
- In developing this plan, incorporate
 - the current knowledge base on the economic impact of the roles of workers age 55 or older in the economy,
 - the social impact of the roles of such workers in the community, and
 - the health and social benefits of active engagement for adults age 55 or older.

Elements of the plan

- Recommendations for policies to increase service for adults age 55 or older, including how to best use such adults as sources of social capital, and how to utilize their skills and experience to address community needs;
- Recommendations to [your state's agency on aging\[1\]](#) on--
 - a marketing outreach plan to businesses; and
 - outreach to nonprofit organizations, the State educational agency, institutions of higher education, and other State agencies;

Elements of the plan, continued

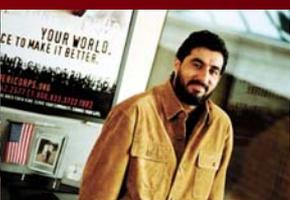

- Recommendations for civic engagement and multigenerational activities, such as—
 - early childhood education and care, family literacy, and after school programs;
 - respite services for adults age 55 or older and caregivers; and
 - transitions for older adults age 55 or older to purposeful work in their post-career lives; and

Elements of the plan, continued

- Recommendations for encouraging the development of Encore service programs (i.e., programs enrolling a significant number of AmeriCorps members age 55 or older that takes advantage of the skills and experience that the members offer in the design and implementation of the program) in the State.

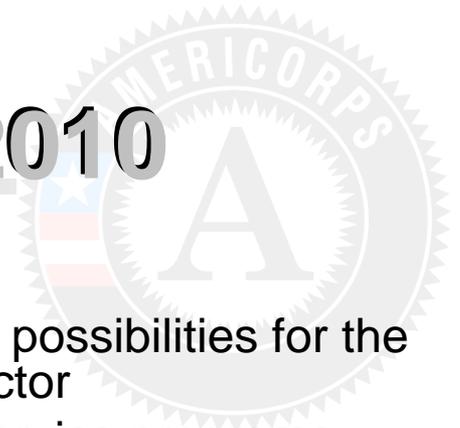

PDAT and Disability Change

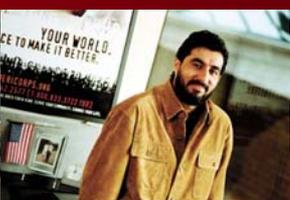

- Section 1821 of the SAA
- Widens scope of use of PDAT and Disability reasonable accommodation funds to LSA and Senior Corps participants
- Not VISTA & NCCC—federal employees

TTA RESOURCES IN 2010

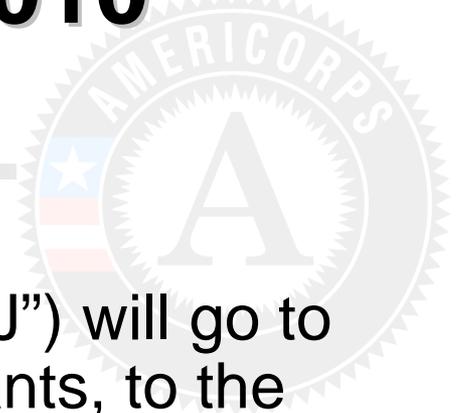

- The Serve America Act opens up a realm of possibilities for the national service and the larger non-profit sector
- To truly help build the capacity of national service programs and the non-profit sector CNCS has taken a new approach to complementing your training and technical assistance efforts:
 - Identify and gather extant materials and tools to add to what is already available through the National Service Resource Center (www.nationalserviceresources.org)
 - Do for the service/non-profit sector what Googlenews does for the news
 - Develop strategic partnerships to leverage and develop resources

TTA RESOURCES IN 2010

continued...

- In FY2010 TTA Funds (Subtitle “J”) will go to State Commissions as PDAT grants, to the Civic Health Index study, the National Service Resource Center, and National Providers
- The Resource Center is the Corporation’s Knowledge Management Center that allows users to access information, training tools, materials, effective practices, on-line courses, etc.

Web 2.0 and Social Media

Social media, social networking, Web 2.0... there are many names for it, but the important thing to know is that the phenomenon of people interacting and contributing online is not going away. This is the new way many people use the web and it opens up exciting new doors for all of us.

Over the last five to ten years, many have learned that it's important for an organization or program to have some kind of online presence (a website, or a web page and an e-mail address); now, it's time for organizations to realize the benefits of participating in web-based networking and online conversations. Following are some of our favorite resources related to this topic.

If You Need Training and/or Technical Assistance

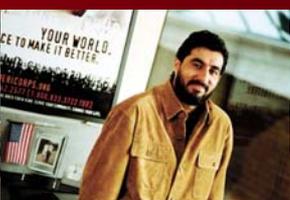

- Your Program Officer is your first point of contact
- Consult the National Service Resource Center for:
 - Content specific information, tools, materials
 - On-line courses
 - Effective practices
 - Information on the availability of a national TTA provider

National TTA Providers

- Now in the process of completing 2010 Work Plans and Budgets
- In general, they are available for:
 - Remote/Distance TTA and coaching
 - NSIP also available for on-site TTA
 - Support to Communities of Practice

What do we need to be thinking about? Your thoughts?
