ⁱ Coverage requires the individual to be on-the-budget receiving a salary, stipend, living allowance, national education award or similar payment for providing service to the program, or the cost will be included in amounts reported as a grant expenditure of either federal or non-federal (matching) share funds.

ⁱⁱ Participants include, but not limited to, AmeriCorps members, Senior Corps foster grandparents and senior companions, all of whom are receiving a national education award, stipend, or other remuneration for their service. Summer of Service education award recipients are not covered.

ⁱⁱⁱ Volunteers donating time and not receiving salary, stipend, living allowance or other remuneration are not covered.

^{iv} Beneficiaries are citizens who are not performing a service for the program, but rather receiving a service from the program.

^v Most commission administrative grants do not involve the commission directly running a national service program, and there therefore most commissions' employees are not covered. Employees of commissions directly running a national service program are covered.
