

Toolkit Items

Tool Name: Compassion Capital Fund Grantees

Definition: The Compassion Capital Fund is an initiative from the Department of Health and Human Services (HHS). It provides technical assistance to help faith-based and community organizations effectively access funding sources, operate and manage their programs, develop and train staff, expand the reach of programs into the community and replicate promising programs. Technical assistance will be free to interested organizations.

Intermediary organizations will also issue sub-awards to faith- and community-based organizations to support start-up costs, operations or expansion of programs. Priority for sub-awards will be given to programs that address homelessness, hunger, the needs of at-risk children, transition from welfare to work, and those in need of intensive rehabilitation such as addicts or prisoners. The Compassion Capital program will support only technical assistance and non-religious social services.

For more information, please see the HHS press release at the following website: <http://www.hhs.gov/news/press/2002pres/20021003a.html>.

Purpose: This list can be helpful when looking for potential Training and Technical Assistance partners for community organizations (secular and faith-based).
