

## § 2250.80 What are the duties of the State entities?

Both State commissions and AAEs have the same duties. This section lists the duties that apply to both State commissions and AAEs—collectively referred to as State entities. Functions described in paragraphs (e) through (j) of this section are non-policymaking and may be delegated to another State agency or nonprofit organization. The duties are as follows:

**(a) *Development of a three-year comprehensive national and community service plan and establishment of State priorities.*** The State entity must develop and annually update a Statewide plan for national service that is consistent with the Corporation's broad goals of meeting human, educational, environmental and public safety needs and that meets the following minimum requirements:

- (1) The plan must be developed through an open and public process (such as through regional forums or hearings) that provides for maximum participation and input from national service programs within the State, and from other interested members of the public.
- (2) The outreach process must, to the maximum extent practicable, include input from representatives of established State service programs, representatives of diverse, broad-based community organizations that serve underserved populations, and other interested individuals, including young people; the State entity should do so by creating State networks and registries or by utilizing existing ones.
- (3) The plan may contain such other information as the State Commission considers appropriate and must contain such other information as the Corporation may require.

**(b) *Pre-selection of subtitle C programs and preparation of application to the Corporation.*** Each State must:

- (1) Administer a competitive process to select national service programs to be included in any application to the Corporation for funding; and
- (2) Prepare an application to the Corporation to receive funding and/or educational awards for the programs selected pursuant to paragraph (b)(1) of this section.

**(c) *Preparation of Service Learning applications.***

## State Commission Duties

(1) The State entity is required to assist the State education agency in preparing the application for subtitle B school-based service learning programs.

(2) The State entity may apply to the Corporation to receive funding for community-based subtitle programs after coordination with the State Educational Agency.

**(d) Administration of the grants program.** After subtitle C and community-based subtitle B funds are awarded, States entities will be responsible for administering the grants and overseeing and monitoring the performance and progress of funded programs.

**(e) Evaluation and monitoring.** State entities, in concert with the Corporation, shall be responsible for implementing comprehensive, non-duplicative evaluation and monitoring systems.

**(f) Technical assistance.** The State entity will be responsible for providing technical assistance to local nonprofit organizations and other entities in planning programs, applying for funds, and in implementing and operating high quality programs. States should encourage proposals from underserved communities.

**(g) Program development assistance and training.** The State entity must assist in the development of subtitle C programs; such development might include staff training, curriculum materials, and other relevant materials and activities. A description of such proposed assistance must be included in the State comprehensive plan referred to in paragraph (a) of this section. A State may apply for additional subtitle C programs training and technical assistance funds to perform these functions. The Corporation will issue notices of availability of funds with respect to training and technical assistance.

**(h) Recruitment and placement.** The State entity, as well as the Corporation, will develop mechanisms for recruitment and placement of people interested in participating in national service programs.

**(i) Benefits.** The State entity shall assist in the provision of health and child care benefits to subtitle C program participants, as will be specified in the regulations implementing the subtitle C programs.

**(j) Activity ineligible for assistance.** A State commission or AAE may not directly carry out any national service program that receives financial assistance under section 121 of the NCSA or title II of the DVSA.

**(k) Make recommendations to the Corporation** with respect to priorities within the State for programs receiving assistance under DVSA.

**(I) *Coordination.***

(1) *Coordination with other State agencies.* A State entity must coordinate its activities with the activities of other State agencies that administer Federal financial assistance programs under the Community Services Block Grant Act (42 U.S.C. 9901 et seq.) or other appropriate Federal financial assistance programs.

(2) *Coordination with volunteer service programs.* In general, the State entity shall coordinate its functions (including recruitment, public awareness, and training activities) with such functions of any division of ACTION, or the Corporation, that carries out volunteer service programs in the State. Specifically, the State entity may enter into an agreement with a division of ACTION or the Corporation to carry out its functions jointly, to perform its functions itself, or to assign responsibility for its functions to ACTION or the Corporation.

(3) In carrying out the activities under paragraphs (1) (1) and (2) of this section, the parties involved must exchange information about the programs carried out in the State by the State entity, a division of ACTION or the Corporation, as well as information about opportunities to coordinate activities.
