

# The Commissioner Exchange

HOME ABOUT COMMISSION WEBSITES

SEPTEMBER 5, 2009

## Welcome to the 2009 State Service Commissioner Institute!!

I hope you are enjoying having the opportunity to travel to Washington, DC for the 2009 State Service Commissioner Institute (SSCI) and to meet your fellow state service commissioners from around the country. The 2009 SSCI, sponsored by the Corporation for National and Community Service, offers an invaluable forum for sharing ideas and best practices with others like you who are committed to the importance of service and volunteerism and are active supporters of AmeriCorps and National Service as a strategy to address pressing local issues in your state.

This year's planning committee comprised of state commissioners and executive directors, CNCS staff, an ASC representative, and myself from Project TAAP has worked hard to put together a timely and thought provoking agenda. We hope you enjoy and find value in the topics we have chosen. This is the eighth commissioner institute I have helped put on and I know I always learn a ton from hearing the ideas that you all share with each other!

While attending the Institute, please use this blog as one way of sharing ideas and impressions of the Institute. After you return home, it offers you a way to stay engaged with your colleagues and new friends. Enjoy!

Sue Hyatt

*Consultant for Project TAAP (formerly known as Project TASC) Project TAAP is CNCS' provider for training and technical assistance to state commissions and AmeriCorps National programs. We assist state commissions with strategic planning, retreats, organization development, new Executive Director training, and a variety of other topics.*

## Purpose

The Commissioner Exchange is a blog for governor-appointed state service commissioners to share best practices, personal impressions, ideas and food for thought, as well as to ask questions to generate dialogue with peers from other states.

To submit a blog post: [Click Here](#). Be sure to state which state and commission you are from.

Enjoy!!
