

# MISSION

The Delta Service Corps is an AmeriCorps\*USA program that operates in Louisiana, Arkansas, and Mississippi. Our mission is to “create positive change across the Delta through service.” This mission will be achieved by devoting at least 50 percent of our resources in the 1997-98 program year to children, youth and their families. Furthermore, DSC will develop and implement programs which:

1. Foster the ethic of service as a right and responsibility of citizenship.
2. Create and expand partners among diverse peoples and organizations to strengthen and build communities.
3. Create opportunities for individuals to participate in direct and meaningful service.
4. Empower individuals to become strong effective community leaders.
5. Embody and exemplify a living model of service.
6. Make a positive difference in the lives of those served.
